

Login Page

A mobile app login page mockup. At the top is a navigation bar with a hamburger menu icon, the text 'blog', 'Account', and 'Basket'. Below the navigation bar is a decorative horizontal line. The main heading is 'Sign'. Underneath is the label 'Username' followed by the text 'Please sign up first if you dont [Sign Up](#) have account yet'. There is a text input field for the username. Below that is the label 'Password' followed by another text input field. At the bottom of the form is a 'Sign In' button and a [Forgot Password ?](#) link. The page is framed by a thick black border representing the phone's screen.

Add new post to the blog

Mobile app interface for adding a new post to the blog. The top navigation bar includes a hamburger menu icon, the text "blog", and links to "Account" and "Basket". The status bar at the top shows signal strength, battery level, and the time 13:49. The main content area contains a title input field, a text area for post content, and an image input field. At the bottom, there are "Cancel" and "Add" buttons. A yellow informational box at the bottom states: "This Page is only for those user who has superuser access" and "User can Add new post to the page by submitting the form".
